### MESSAGE

I am happy to know that the Delhi Technological University is organizing its 10<sup>th</sup> Convocation on 16<sup>th</sup> November, 2023. I would like to congratulate all the graduating students who are being conferred with degrees on this occasion. I extend my deepest appreciation for all the students for their diligence, hard-work and dedication to their studies during their stay at DTU. I would also like to congratulate the entire fraternity of Delhi Technological University on this joyful and proud occasion.

Delhi Technological University has been serving as a premier educational institution and has become a frontrunner in the areas of academics, research and entrepreneurship. It has played a pivotal role in providing industry-relevant education to the students, and has contributed to the much-needed impetus, to national growth story through its endeavours in the sphere of research & development, scientific innovations, and engineering excellence, over the years. I am sure that the University will continue to deliver exceptionally and remarkably in the years to come.

I once again applaud the relentless efforts of the graduating students and congratulate them for their proud academic achievements. I am sure that the graduating students will continue to spread their wings of knowledge and become successful engineers, leaders and innovators of tomorrow.

### **MESSAGE**

I am delighted to know that Delhi Technological University is celebrating the scholastic achievements of its graduating students on November 16<sup>th</sup>, 2023 in the Annual Convocation Ceremony of the University. I heartily congratulate all the students of the graduating batch, along with their parents and teachers who have equally worked hard to support them.

Delhi Technological University has been proudly producing highly skilled engineers, managers, academicians, and leaders since the last many years. It has continued to uphold its position as one of the premier Universities of this country, and is progressively working hard to uplift its name higher in the global educational world. I am proud to know that DTU has been continuously improving in its international ranking and overall performance every year. I am sure the University will continue to spread its wings and take flights into the high skies of success, and academic excellence.

I am sure that all these students will continue to invest their relentless efforts into solving the challenges we face today with innovative thinking and be the role models of our Country. I also hope that they will set out to define and pursue new paths that transcend the conventional boundaries.

I congratulate the graduating students once again and wish that each one of them goes forward on the path of unstoppable success. I also wish that the Delhi Technological University keeps scaling new academic heights in the times to come.

I am pleased to know that the Delhi Technological University is holding its 10<sup>th</sup> Convocation Ceremony on November 16<sup>th</sup>, 2023. I convey my heartiest greetings to all the students graduating from this prestigious university. I also wish to congratulate the parents of the graduating students and their teachers who have been strong pillars of support for them throughout.

Delhi Technological University has been a symbol of constant academic growth over the last many years. It has continued to grow enormously in all areas of science, technology, management and other allied areas. With the efforts of its students, faculty members and alumni, the University has made a significant place for itself not just in the country, but also in the international educational scenario.

I wish to encourage the graduating students to contribute to the society in whichever way they can through the knowledge and skills that they have acquired during their stay at DTU. I am sure that they will keep the flame of knowledge burning, spread its brightness and bring the light of knowledge to this entire nation, and the world. I am sure that you all will continue to conquer the obstacles on your way, and come out victorious as always.

On this memorable day, I wish all the best to the graduating students and congratulate them once again. I hope that each one of you continues to achieve many accolades in your upcoming lives.

## **MESSAGE**

I am delighted to be a part of the 10<sup>th</sup> Convocation Ceremony of the Delhi Technological University. This is a moment of celebration and joy for the students, faculty members, and the entire University.

I congratulate all the students for their extraordinary determination and commitment in completing this journey, and I wish that they move on to become great engineers, managers and leaders in the years to come. I also applaud the efforts made by the parents, teachers, staff, and friends of the graduating students who have played an integral role in encouraging and supporting them.

Delhi Technological University is committed to providing a learning experience which is not only scholastically apt but also satisfying and fulfilling for our students as a whole. The vision of our university is driven by the global challenges at hand, and societal needs of tomorrow. Our university has been progressively exhibiting excellence in the areas of academics, research and innovation, and is proud to provide skilled engineers, managers and entrepreneurs to the nation who can help to identify and solve the national and global challenges. We are also proud of our hugely diverse and multicultural student population who provide an atmosphere of inclusivity to our campus.

I am sure that our university will continue to provide the highest quality of education along with a plethora of research opportunities to our students so that they continue to achieve innumerable milestones in their professional and academic life. I congratulate the graduating students once again and hope that they all will usher us all into a golden era of success and prosperity.

## SHRI VINAI KUMAR SAXENA

*Hon'ble Lt. Governor, Delhi and Chancellor, DTU*

- 
- Hon'ble Minister for Education, GNCTD, Ms. Atishi
  - Chief Guest, Ms. Suma Varughese, Director General, DRDO
  - Vice-Chancellor, Smt. S. Indu
  - Secretary, TTE, Smt. Alice Vaz
  - Registrar, Faculty Members, Proud Parents, and
  - My Dear Students.

I am happy to be present amidst you today. It is indeed a matter of privilege to be presiding over the 10<sup>th</sup> Convocation of the prestigious Delhi Technological University.

At the outset, I extend my heartiest congratulation to the graduating students on this momentous occasion. You have achieved a proud academic milestone and are ready to take your first step into the substantive realms of a career or further academic pursuits. Wherever you go from the haloed portals of this Institution, remember that sky is the limit for you - there is nothing that bounds you in pursuit of your passion.

I also take this opportunity to congratulate and thank the proud parents of the graduating students, for their unwavering support and encouragement throughout these years. I deeply appreciate the efforts and commitment of the faculty members and the entire fraternity of DTU who have always been strong pillars of support for you students.

As the Chancellor of this University, I am delighted to share that the DTU has been committed to quality education and has a legacy of producing great engineers, researchers and entrepreneurs for the last 82 years. Year after year, this University has been keeping the flame of academic excellence alive with their relentless efforts and hard-work.

It is heartening that, over the years, DTU has grown to be an eminent institution in the domains of academia as well as research. I have been informed that the ranking of DTU on National and International parameters in different rankings has been continuously improving. However, I would not be true to myself if I say that I am satisfied by these rankings. The rankings may have improved consistently, but there is always a scope for improvement.

To my mind, the goal should be reaching the top and any ranking that you achieve would be considered worthwhile only if you were to become a hub that creates intellectual capital that adds to the Nation's knowledge resource base. A base, that further goes on to augment our knowledge economy and power the engines of National growth.

Dear Friends,

We have had the legacy of a Taksh Shila, Vikram Shila, Udant Puri and Nalanda. These were Universities, which, for over a millennia, drove the global academic discourse. I take this opportunity to exhort you to shape yourself on the lines of these institutions that attracted scholars and students from across the world, contrary to what we see now, with our students seeking academic excellence in Universities outside India.

I am happy that the University has exhibited an unparalleled placement record over the last many years. In the session 2022-23, 335 companies visited the campus and offered 2116 jobs to the students. These included 12 international offers. The highest domestic package offered at DTU was Rs 82.05 Lakh per annum. The offers included 523 offers of above 20 lakhs and 914 offers in the range of 10 to 20 lakh per annum.

At this stage of my address, I would again like to underline a word of caution. As highly qualified students of various technology streams from a remarkable institution, to my mind, your horizon should be far broader than acquiring a career in a multi-national corporation that aims only at profit. The skillset that you have acquired at this prestigious institution has shaped you as individuals, who have the capacity to become agents of India's socio-economic transformation.

While on hand you have the ability to become important cogs that turn the wheels of National development, on the other hand, you also have the intellectual capacity to enrich basic and fundamental research - research that leads to inventions and innovations that have the capacity of transforming the lives of millions.

Dear young friends,

I am sure that each one of you is proud to be a student of this eminent University. In the last few years, you all have been wonderfully transformed to become bright, confident, well-trained and accomplished individuals that you are today. But, today is a "DAY OF CHANGE" for you all - a change that will move you all out of the little safe bounds of this campus, and place you in front of a whole world of opportunities.

Passing out from prestigious institutions, I have often seen, also inadvertently imbibes a sense of false pride in some students. An arrogance that results in looking down upon those who did not have the privilege or circumstances to attend institutions of eminence, fails the very purpose of education. Education opens your mind, broadens your horizon and makes you inclusive. Empathy, my dear students, is a virtue.

It is said;

**जब आप किसी को छोटा समझते हैं,  
तो या तो आप उसे दूर से देखते हैं, या गुरुर से**

Along with your opportunities, will come unprecedented situations and sometimes, difficult choices. I wish to share a few thoughts with you today, thoughts that can serve as talisman while you shape your life ahead. In the words of Martin Luther King and I quote:

"We must accept finite disappointment, but we must never lose finite hope".

I want you all to decipher the 'Power of Positivity'. There is no human being in this world who has not faced a challenge in their life. The world outside the happy and protected bounds of your house and college will be full of challenge. It may seem disappointing at first, but trust me, it is not hard for those who have positivity inculcated in them.

You need to trust yourself. You need to see the positive side of things and ignore the negative. With your goal in your mind, and your relentless determination to achieve it, there is nothing that can stop you if you learn to rise up, every time you fall.

I also want to encourage you to constantly strive to learn something new every day in your life. As you will move forward in your lives, and collect more accolades and academic degrees, some of you may make the mistake of thinking that your learnings are over. Do not be complacent. Remember that every morning is an opportunity to learn something more and new. This thirst of knowledge will help you strengthen your abilities and make you ready for facing the ever-changing world of today.

Remember that professional success is not just measured in terms of your academic, managerial, or other professional abilities. It is also measured in terms of your commitment, hard-work, honesty, loyalty, faithfulness and trustworthiness. Always keep ethics above your professional competencies. Ethics shape your character, and define the kind of human being you are. One of the greatest sons of Mother India, the great academician, lawyer and our first President, Dr. Rajendra Prasad had said and I quote,

“In attaining our ideals, our means should be as pure as the end”.

Your ends my dear students should not just be personal enrichment. Your growth trajectory should be such, that with you grows your family, the society and indeed the Nation. Trust me, being a good human being is far more important than being a good engineer or a good manager. As is often said,

**“डिग्रियां तो पढाई के खर्च की रसीदें होती हैं,  
असली ज्ञान वही है, जो आपका व्यवहार दर्शाता है।**

Dear Students,

Over the last few years, this University has brought you up from being babies to toddlers in terms of your academic excellence. You have been taught to walk, to talk, and to explore. The world is now yours to explore. I wish to encourage you all to take up challenges, seek solutions and become problem solvers of tomorrow for our city, our Nation and the whole world. I wish to close by congratulating you all once again. I am sure that you all will conquer the unconquered skies and take the name of your University, and this country to newer heights.

I wish you God Speed.

Thank you. Jai Hind.

# *Convocation Address*

*by*

**MS. SUMA VARUGHESE**

*Director General, MED & CoS, DRDO*

Shri Vinai Kumar Saxena, Hon'ble Lt. Governor, Govt. of Delhi and Chancellor, DTU; Prof. S. Indu, Vice Chancellor, DTU; Ms. Atishi Minister of Education, Govt. of Delhi, Prof. Madhusudan Singh, Registrar; Deans, Heads of Departments, members of the administration, faculty members, staff members, distinguished invitees, graduating students and their proud parents, friends from media, ladies and gentlemen.

It is an honor for me to address you all on the 10th Convocation of the Delhi Technological University. I whole-heartedly congratulate the graduating students, their parents and teachers on this proud and momentous day. Today is a day of appreciation of your hard-work and efforts, along with the support and perseverance of your loved ones. Today is the day, when you can look back to the time when you entered this University as inexperienced novices and can appreciate and applaud the transformation that you all have undergone in all these years of your stay. Along with the beaming happiness on your faces, I can also hear your pounding hearts full of anticipation and some worry about your upcoming life.

I take this opportunity to share with you my thoughts which will possibly

answer a lot of questions in your hearts. Someone has rightly said: "I was still water, held by my surroundings. And now, I am a river, carving my own path." Today, empowered with the knowledge, you have grown into a beautiful river ready to tread a path of their own. I want to encourage you today to CARVE your own paths! It is never easy to carve a new path-it will be dark, it will be new, sometimes there may be unexpected obstacles-but your perseverance and inner strength will take you to your goals. Remember but for rocks, the river would have no song.

Sydney Harris rightly said: "The purpose of education is to turn mirrors into windows". As the future of tomorrow, I want you all to be open-minded. Absorb as much as you can and learn from everyone around you. I want you all to also understand the importance of 'Perspective'. Perspective is the way we look at things, and it can make all the difference in our lives. What seems difficult to me, may be easy to you! Therefore, it is important to look at situations and things from different angles. Never lock yourself into an opinion about things because there is a myriad of perspectives out there. Learn to explore, experiment, and discover! And I assure you it is fascinating journey!

Remember that each one of you has been created for a specific purpose. Each one of you is special in your own way. Each one of you has their own set of gifts. Do not ever fall prey to 'comparison'. The only person you should ever compare yourself with in 'YOU' and strive for a better 'YOU'. Learn to be happy with who you are!

As engineers and managers, many of you will become the leaders of tomorrow. I want you to understand that as a leader, attributes such as confidence, positivity, vision and inquisitiveness are imperative. However, you must remember that as a leader, your focus should always be the empowerment of others, and not yourself. In the words of Ronald Regan, "The greatest leader is not necessarily the one who does the greatest things. He is the one that gets the people to do the greatest things". In

fact, in general, your focus in life should be a little more than self! I want to encourage you to widen your mental horizons and in whatever you do-- always think of your city, your nation and your world. Everything you do has consequences for the world, and therefore, you have to be thoughtful and careful in everything you do.

Before I conclude I wish to share a few more thoughts abridged from the commencement address given by Alan Alda the American actor to the class of 1980 of Connecticut College which included his daughter. I was inspired by the same during my college days.

The first thing I want to say is don't be scared. you're being flung into a world that's running about as smoothly as a car with square wheels. It's OK to be uncertain. I'm uncertain, too.

I want to tell you as you stand in this doorway today. Love your work. If you always put your heart into everything you do, you really can't lose. If your heart is in it, you'll probably succeed, or you won't. But the reason you can't lose is that whether you wind up making a lot of money or not, you will have had a wonderful time, and no one will ever be able to take that away from you.

Here's my Golden Rule for a tarnished age: Be fair with others but then keep after them until they are fair with you.

It's a complex world. I hope you'll learn to make distinctions. If we can make distinction, we can be tolerant and can get to the heart of our problems instead of wrestling endlessly with their gross exteriors. And once you make a habit of making distinctions, you'll begin challenging your own assumptions. Your assumptions are your windows on the world. Scrub them off once in a while or the light won't come in. If you challenge your own, you won't be so quick to accept the unchallenged assumptions of others. You'll be a lot less likely to be caught up in bias or prejudice or be influenced by people who ask you to hand over your brains, your soul or

your money because they have everything all figured out for you.

Well, those are my parting words as today's door closes softly between us. So long, be happy and make the flag of this institution fly higher because of the life that you live henceforth.

Thank you.

**MS. ATISHI**

*Hon'ble Minister of Education, Higher Education, Training & Technical Education,  
Govt. of Delhi*

Hon'ble Lieutenant Governor of Delhi, Shri Vinai Kumar Saxena Ji; Chief Guest of the day, Director General, DRDO, Ms. Suma Varughese; Hon'ble Vice Chancellor of DTU, Prof. S. Indu; Deans, Heads of Departments, members of the administration, faculty members, staff members, distinguished invitees, graduating students and their proud parents, friends from media, ladies and gentlemen. It is an honour for me to address you all on the 10th Convocation of the Delhi Technological University.

I heartily congratulate all the graduating students on their graduation. I am sure that you all must be elated and proud to be associated with Delhi Technological University which has been committed to quality education and has a legacy of producing great engineers, researchers and entrepreneurs for the last 82 years. With the skills and training that you have learnt during your stay here, you all are fully prepared to be leaders, academicians, entrepreneurs, and innovators of tomorrow. As you step out today into the world outside, you will find that the rosy opportunities are always accompanied by challenging thorns.

Today, I take this opportunity to share with you some fundamentals that you could utilize in your forthcoming lives. I believe that one of the most important things in the path to success is to have 'clarity of purpose'. You need to know the destination to which you want to row your boat. And if your destination is clear in your mind, you will always be equipped to deal with the waters of life, no matter what the direction of the river currents may be. We all know that the path to success is never easy- it is always lined up with difficulties. In fact, success is another name for overcoming obstacles. It is rightly said: "The greater the obstacle, the more is the glory in overcoming it." I want to encourage you to keep pursuing your path indefatigably and with confidence, and seek solutions to overcome whatever difficulties come in your lives.

Never forget the most valuable quality in the life of a successful person is resilience. Failures in life are inevitable, but successful people view them as opportunities to learn and keep growing. CS Lewis rightly said that "Hardships often prepare ordinary people for an extraordinary destiny". Remember, that if you want to stand out in the huge crowd of this world, you need to be something different than the ordinary. You need to change your perspective on how you view problems in life. For the ordinary, problems are what stops them on their way. For you, let problems be your source of learning and inspiration. Let every problem lift you higher, and take you farther.

I also want to urge you, that as you go forward in your lives, please innovate in whatever capacity you can. It is the fuel that will keep science and technology in this world going. Many of you will be leading successful projects in the future. Please remember that a true leader is not the one who is at the top, he is the one who steers every person working with him and under him to the top. You must understand that it is teamwork which is the true spirit of leadership. As a leader or as a team member, never be afraid to carve your own path. The forests out there that you are about to

encounter are dark and dense, but you need to pick up the scythe of your confidence and cut through all of them.

Let me tell you that when you merge your passion with sincerity and hard work, you can do incredible wonders, and I expect all of you to do wonders for the overall development of the society and our nation. As someone has rightly said-- "Excellence is the result of risking more than others think is safe, dreaming more than others think is practical and expecting more than others think is possible". I want to encourage each one of you to dream, and work towards your dreams with full dedication and honesty.

At the end, all I want to say is- that you all have a lot more to do for yourselves, your parents, the society and your country. As you step out into the vibrant world full of opportunities, I congratulate you once again and I wish that each one of you reaches the zenith of success and makes this institution proud of you!

**PROF. S. INDU**

*Vice Chancellor, Delhi Technological University, Delhi*

Delhi Technological University has exhibited a glorious past with its unparalleled accomplishments for the last 82 years. Over these years, our University has grown to become an eminent institution of academic, research and entrepreneurial excellence. The University has always kept the aim of providing quality education to students, along with carrying out globally-relevant innovative research. With an utmost dedication to our vision of becoming a world class university with education, research, and innovation in our minds, we have strived to provide support in all forms to our students, for the overall strengthening of our university.

Delhi Technological University has always centred its educational policy of the principles of knowledge, critical thinking, creativity and innovation. We have worked to create a wave of cognitive awareness amongst all our students. At the same time, we ensure that our vision for education keeps access, inclusivity and integration at its core. Higher education in our University is a comprehensive education beyond the conventional boundaries of classrooms and textbooks. We ensure that we don't just offer some courses to our students, but offer a holistic and fulfilling educational experience for each one of them.

The Annual Convocation is a proud moment for the University. It is a moment of appreciation of the relentless hard work, sincerity and perseverance of all our students who have faced innumerable obstacles in their paths to the achievement of their dreams, but have overcome all challenges to come out victorious. Their years of stay at DTU have taught all our students the values of 'learning' and 'continuing to learn'. The flame of their desire to learn is sure to take them forward on the paths of unprecedented success. With dreams in their minds, and an undying spirit of working hard towards their goals, our students will continue to overcome uncharted territories of success. I want to applaud the efforts of the graduating students and tell them that DTU is very proud of their achievements. I wish that they continue to achieve many more accolades and excel in their upcoming lives.

DTU has always given immense importance to the pursuit of excellence in academic, research and entrepreneurial fronts. At the undergraduate and postgraduate levels, our aim has always been to encourage our students and faculty to do better in these forefronts, and ultimately direct all their efforts to become problem solvers and solution seekers for the overall good of the society, city, nation and the world as a whole. For encouraging and supporting our students and faculty members, DTU has been continuously extending financial, administrative and infrastructural support in all possible ways.

In the year 2022-23, we have 3260 admissions at the UG level, 904 at the PG level and 123 for Ph.D. In the past years, we have supported our students with financial grants for academic, research and innovation activities. Further, we have encouraged our faculty members by awarding them with the Teaching Excellence and Research Excellence Awards annually.

On the 10<sup>th</sup> Convocation of Delhi Technological University, we are delighted to award the degrees to 3620 students in this ceremony. There are a total of 2628 undergraduate degrees, 845 postgraduate degrees and 147 PhD degrees being awarded today. I heartily congratulate all the degree recipients and their proud parents on the achievement of this academic milestone.

It is my pleasure to share with you the achievements and accomplishments of our university in the year 2022-23. DTU strives to deliver the best in the areas of education, research, innovation, and extension activities. On this

momentous day, it is my pleasure to share a report of the untiring efforts made by our University with our dignitaries, distinguished guests, alumni, and all stakeholders of DTU.

## I. NEW INITIATIVES

### 1. EXPANSION

DTU has always laid a strong emphasis on the development and enhancement of infrastructure for academic and research activities. The Stage 1 of Phase-II construction has been successfully completed in 2022. DTU is fully committed to provide the best facilities and infrastructure to encourage the teaching and learning environment.

### 2. Recent Development in Infrastructure

#### a. Construction of Academic Block (AB-3 & AB-4)

These project is completed & going to Inaugurated on 16.11.2023.

S. No.	Description	Block	No. of Stories	Ground Coverage	Total Plinth Area
1.	Academic Block(Centrally AC)	AB-3	B+G+8	1809 Sqmt.	18436 Sqmt.
2.	Academic Block(Centrally AC)	AB-4	B+G+8	2285 Sqmt.	23198 Sqmt.

#### Salient Features:-

- The Project is 3 Star Griha rating.
- Use of AAC Blocks.
- Use of GRC Jali and CNC Jali for external façade.
- Use of C&D Waste material like CBC bricks, kerbstone, paver block.
- Connecting both academic blocks by bridge at 4th and 7th level.
- Solar Panel on roof tops.

These blocks consist of lecture halls, classrooms, computer labs, HOD rooms, meeting rooms and facility rooms etc. The total seating capacity of the classrooms of both the academic blocks are 5280 along with seating capacity of the computer lab 1876.

- b. Raj Soin Hall** – It is a Multipurpose Hall having indoor Sports facilities and used for holding large gathering events. The Raj Soin Hall was inaugurated on 28.10.2022.

**Salient Features:-**

- The total plot area of Raj Soin Hall is 16159 sqmtr.
- Having seating capacity – 3300.
- Having four Cafeterias (two cook food cafeteria and two non-cook food cafeteria).
- Having four synthetic indoor badminton courts, four table tennis court and kabbadi mat.

**Outdoor Gym**

- The outdoor Gym is inaugurated on 06.12.2022.
- The facility of outdoor gymnasium has been provided to students and faculty members at Sports complex.
- The total 20 Nos. of Outdoor gym weight training machines installed.

### **3. Ongoing Infrastructure Works**

**a. Construction of SPS Mess in Newly Constructed VLB Hostel**

- The Common Mess building shall be plan with structural steel structure (SPS type G+3 floor) with separate services i.e. water supply HVAC etc.
- The Mess building design for 150 Nos. Of students to be accommodated in two floors only with all facility remaining floor will be used for recreational purpose.

**b. Construction of Student Activity Centre**

- Development of existing pond with provision of over flow management of water with aesthetic look.
- Construction of Student activity center building G+3 with SPS Structure of trapezoidal shape having facility for student activity, Yoga, Meditation and Gymnasium.
- 3 meter wide pathway without any toe/boundary wall.
- A mini water fall provide along sides of pound.
- Light Arrangement in the pond area.

## II. RANKINGS

The ranking of DTU on national and international parameters is considered one of the best in India. Delhi Technological University has secured 29<sup>th</sup> position in Engineering category and 40<sup>th</sup> position in University rankings category in NIRF rankings 2023, 8<sup>th</sup> position in top ten government engineering colleges 2023 by India Today. DTU has been positioned in the [801-1000] bracket in Times Higher Education World University Rankings 2024, and at position 170<sup>th</sup> in Asia University Rankings 2023.

## III. NBA ACCREDITATION

NBA is known for its view on quality parameters and facilities available at educational institutions. Every year DTU proposes and attains approval and accreditation for a gamut of programs through NBA. The year 2022-23 was equally exciting as we achieved NBA accreditation status for some of our UG and PG programs.

Three UG and two PG programs were accredited by NBA. Following are the details of NBA accreditation for different UG/ PG programs:

S. No.	Name of the Program	Accreditation status	Period of validity
1	UG-Chemical Engineering	Accredited	01.07.2023 to 30.06.2026
2	UG- Engineering Physics	Accredited	01.07.2023 to 30.06.2026
3	UG- Mathematics & Computing	Accredited	01.07.2023 to 30.06.2026
4	PG- Signal Processing & Digital Design	Accredited	01.07.2023 to 30.06.2026
5	PG- VLSI Design & Embedded Systems	Accredited	01.07.2023 to 30.06.2026

## IV. ACADEMIC PROGRAMMES AT DTU

### A. The University offers the following UG Programmes:

i) Bachelor of Technology (B.Tech) Program

Bio-Technology (BT)
Chemical Engineering (CHE)
Civil Engineering (CE)
Computer Science and Engineering (CSE)
Electrical Engineering (EE)
Electronics & Communication Engineering (ECE)
Engineering Physics (EP)
Environmental Engineering (ENE)
Information Technology (IT)
Mathematics and Computing (MCE)
Mechanical Engineering (ME)
Mechanical Engineering with Specialization in Automotive Engineering (MAM)
Production & Industrial Engineering (PIE)
Software Engineering (SE)

ii) Bachelor of Design (B.Des)

iii) Bachelor of Business Administration (BBA)

iv) BA (H) Economics

## B. The University offers the following PG Programmes

### 1. Master of Technology 2022-23

S. No.	Name of the Department	Programme Name & Code
i.	Applied Chemistry	Polymer Technology (PTE)
ii.	Applied Physics	Material Science & Technology (MST)
iii.	Biotechnology	Bioinformatics (BIO)
iv.	Civil Engineering	Industrial Biotechnology (IBT)
		Geotechnical Engineering (GTE)
		Hydraulics & Water Resources Engineering (HRE)
		Structural Engineering (STE)
		Geoinformatics (GINF)
v.	Computer Science and Engineering	Computer Science & Engineering (CSE)
		Artificial Intelligence (AI)
vi.	Information Technology	Information System (ISY)
viii.	Electronics & Communication Engineering	Microwave & Optical Communication Engineering (MOCE)
		Signal Processing & Digital Design (SPD)
		VLSI Design and Embedded System (VLS)
ix.	Electrical Engineering	Control & Instrumentation (C&I)
		Power System (PSY)
		Power Electronics and Systems (PES)
x.	Environment Engineering	Environmental Engineering (ENE)
xi.	Mechanical Engineering	Production Engineering (PRD)
		Thermal Engineering (THE)
		Industrial Engineering and Management (IEM)
		Energy Systems and Management (ESM)
		Computer Aided Analysis and Design (CAAD)
xii.	Software Engineering	Software Engineering (SWE)
		Data Science (DS)

### C. Details of UG and PG admissions

There were in total 3260 admissions in UG and 1027 admissions in PG programme. 133 international students from 33 different countries have also been admitted in different programmes in DTU.

Orientation program of newly admitted B.Tech first semester undergraduate students was conducted on 31st July, 2023 followed by induction program during 31st July, 2023 – 04th August, 2023.

#### UG admissions

S. No.	Course	No. of Students
1	B.Tech	2776 (including FN, PMSSS)
2	B. Des.	122
3	BBA	180
4	BA (H) Economics	182
Total		3260

#### PG Admissions

S. No.	Course	No. of Students
1	M. Tech	234
2	MBA	307
3	MBA Executive	27
4	M.Sc.	240
5	M.Des	36

## V. ALUMNI CONTRIBUTION

DTU has a long-standing and deep-rooted relationship with its alumni. DTU endeavors to open up new avenues for its students, simultaneously enabling the alumni to connect with their alma mater. Amid the unprecedented crisis, the generosity of alumni has been extraordinary. Besides fund-raising, multiple scholarships have been constituted for excellence in engineering for B.Tech students. A number of other scholarships are available to DTU students in different semesters of their study life. Some of them are given below:

S. No.	Name of the Scholarships
1	Class of 1969 Scholarship
2	Class of 1959 Scholarship

S. No.	Name of the Scholarships
3	Pramod Jain Merit Scholarship
4	Fidelity Charitable Grant
5	Hari and Shashi Batra Scholarship
6	Late Sh. J L Pahwa Scholarship
7	Neena Nangia Memorial Award
8	Gp. Capt. (Retd.) R S Bhola Award
9	Late Prof D Roy Choudhury Scholarship
10	Prof.P. Kundu Medal
11	Rajeshwari Garg Memorial Medal
12	Goswami Brothers Scholarship
13	Passi Family Scholarship for Excellence in Engineering
14	Suraaj & Prem Bhatia Scholarship
15	Hari Johri Scholarship
16	Leelawati and Mangat Ram Soni Scholarship
17	Scholarships initiated by Mr. CP Nehra (a) Shri Brijlal & Smt. Prakashwati Nehra Scholarship for Mech. Engg. (b) Colonel Vidyasagar and Smt. Vimla Devi Nehra Scholarship for Civil Engineering. (c) Shri Narendra Kumar and Smt. Manju Nehra Scholarship for Electrical Engg.
18	Dr. Alok Goyal Scholastic Award for Academic Excellence
19	Group of Best Friends-2005 Scholarship
20	Mr. and Mrs. Laxmi and Raj Mrig Scholarship

**New Scholarships instituted by our Alumni:**

S. No	Name of the Scholarship
1.	Jagjit & Paramjit Ahuja Scholarship
2.	Vijay Birbal Gold Medal
3.	Dr. C.S. Arora & Sushma Arora Scholarship
4.	ASIJA Memorial Scholarship
5.	Vijay Shekhar Sharma Scholarship
6.	Sudha and Wasudeo Kotwal Scholarship

**Fund-raising and donations by our Alumni:**

- Dr. Raj Soin donated \$ 125640 (₹ 1,01,19,383-) 3<sup>rd</sup> instalment towards Raj Soin Hall.
- Prof. D. Yogi Goswami and Mrs. Karuna Goswami donated \$ 50,000 (₹ 40,67,805/) 3<sup>rd</sup> instalment towards Establishment of Energy & Environment Centre
- Sh. Shashi Kishore Jain donated ₹ 1,00,000/- for DTU Donation & Contributory Fund.
- Sh. Sat Prakash Goel donated ₹ 3,00,000/- for DTU Donation & Contributory Fund.
- Sh. Vinod Dham donated \$ 50,000/- (₹ 40,39,910/-) 1<sup>st</sup> instalment towards Vinod Dham Center for Semiconductor Research.
- Sh. Vijay Shekhar Sharma donated ₹ 2 Crore for setting up Lab on wheels, to establish Testing & Training facilities for Electric Vehicle and eV Technologies

**Events conducted for/by the Alumni:**

- Inauguration of the Raj Soin Hall: Dr. Raj Soin (Alumnus of 1969 batch) donated ₹ 5 crores towards Raj Soin Hall. The inauguration of the Hall was held on 28<sup>th</sup> October 2022.
- Diamond, Golden & Silver Jubilee Homecoming Meet- 2022 for DCE graduates (Classes of 1961, 1962, 1971, 1972, 1996 & 1997) to felicitate our alumni for their achievements and services to humanity at large was held at Delhi Technological University on 28<sup>th</sup> October, 2022.

- DCE-DTU Alumni Association organised Alumni meet for the Classes of 1961, 1962, 1971, 1972, 1996 & 1997. Distinguished alumni of the batches were felicitated by the Chief Guest- Her excellency Smt. Smriti Zubin Irani (Cabinet Minister for Women & Child Development, & Minority Affairs).
- Distinguished Alumni of class 1967 batch of DCE visited DTU on 24th November, 2022 to explore the possibilities of any Alumni initiative at DTU.
- Prof. D. Yogi Goswami visited DTU in December, 2022 to discuss about the activities under the "Centre for Energy and Environment". He has contributed the donation of \$ 1,00,000 for establishing the "Centre for Energy and Environment".
- Dr. Durga Das Agrawal, alumnus of 1967 batch, Mechanical Engineering visited DTU formerly DCE in December 2022 for discussing and exploring the possibilities of Alumni initiatives
- Shri. Prem Kumar Asija, DCE Alumnus of 1971, Electrical (Electronics) Engineering visited DTU on 1<sup>st</sup> March, 2023 for signing the MoU between DTU and Sh. Prem Kumar Asija towards his donation of ₹ 6,00,000/- in DTU Medals & Scholarship.
- An interaction program "Carbon Capture" with Sh. Mahesh Joshi (Alumnus of 1982 batch, Mechanical Engineering) was held on 20th April, 2023 for students of Mechanical Engineering.
- Mr. Varun Alagh (Alumnus 2001), Co-Founder and CEO of Honasa Consumer Pvt Ltd was invited as the Chief Guest for the inauguration ceremony of Invictus '23 (DTU's technical Fest).

## VI. INTERNATIONAL AFFAIRS

DTU promotes partnership with Foreign Universities and Institutions through Memoranda of Understanding (MoUs), faculty and student exchange programmes and, by providing an opportunity to foreign national students to study at DTU under UG, PG, and Ph.D. programmes. The Office of International Affairs at DTU has been involved in encouraging and advancing the international collaborations on all fronts between DTU and other higher educational institutions abroad, along with supporting the idea of making DTU into a global educational institution with a vast foreign student population. The campus also invites professionals from industry and research institutions every year to give maximum exposure

to the students and faculty members to ensure that they are aware of the major global trends.

### A. International Visits to/from DTU

The University welcomes collaborators and representatives from foreign higher educational institutions, as well as potential partners from international agencies to DTU to discuss and advance potential partnerships for students, and faculty members. The University has detailed guidelines on the incoming and outgoing mobility of students, and faculty through exchange programs, and other international collaborative activities.

S. No.	Name of the University/Embassy/Country	Date
1	Visit to the French Institute in India (Embassy of France)	16-07-2022
2	Visit of Delegation from ESTP Paris (France)	23-09-2022
3	Visit by n+I French Delegates	10-10-2022
4	Meeting with Canadian Delegates	11-10-2022
5	Visit by Israeli Delegates	12-10-2022

14	Visit by delegates from Mozambique	7-12-2022
15	Visit by delegates from Lithuania	7-11-2023

## B. Mobility of Students for various Internship Programs (2022-23)

S. No.	Name of the Student	Details
1.	Hua Lou	Student from BT department has been nominated to study for 1 semester, during August- December session of 2022.
2.	Micale Alexis	Student from BT department has been nominated to study for 1 semester, during August- December session of 2022.
3.	Dufournet Tanguy	Student from BT department has been nominated to study for 1 semester, during August- December session of 2022.
4.	Guerillot Lisa	Student from ENE department has been nominated to study for 1 semester, during August- December session of 2022.

## C. Events and Activities

1. The Office of International Affairs was involved in the organization of the International Students Meet, 2023 on 23<sup>rd</sup> February, 2023 for the purpose of encouraging inclusivity amongst the student population, orienting new students about the rules and regulations of the University, and supporting the idea of diversity on campus. The meet was honored by the presence of His Excellency Dr. Shankar Prasad Sharma, Ambassador Extraordinary and plenipotentiary, Embassy of Nepal, and other honorable delegates from various countries.
2. Educational fair was organized on 9<sup>th</sup> November, 2022 by the Office of International Affairs for the students. Delegates from French Embassy visited the office and guided the students for opportunities.

## VII. Center for Extension and Field Outreach

The primary aim of the Centre for extension and field outreach is to promote a meaningful and sustained rapport between the University and the community. The role of the center is to extend knowledge and

other institutional resources to the community and vice-versa and to gain insights from a contact between knowledge resources and socio cultural realities with a view to reflecting these in the entire curricular system of higher education including teaching and research. It will be a two-way process between the experts and the people, an intellectual intervention in the community's living problems which need to be overcome through an educational process. It was to be that education which helped students to face life and its challenges and which created an ambience for a learning society.

The Ministry of Education, Govt of India, the DTU has launched a program "Unnat Bharat Abhiyaan" and under this flagship program the DTU had adopted 5 villages being PI. These five villages are Barwala, Shahbad Daulatpur, Prahladpur, Siraspur and Bhalaswa Jahangirpuri.

In addition to these villages, as per Hon'ble LG's direction vide letter No. U.O. No.23(1)/23-RN/110/A-503-11 dated 23.2.23 accompanied by Directorate of Training and Technical Education Letter No. F.1(453)/DTTE/SB/Miss/2023/454-60 dated 01.03.23, the DTU has further adopted four more villages. These villages are Palla, Hamidpur, Jafrabad and Shahpur Garhi. Academic and other social activities are planned and going on in these villages through lab on wheels and other means.

As a pilot project ,DTU has launched its Lab on Wheels on 6th April, 2021. Through this project, it is focused that under-privileged students of schools of Govt of NCT of Delhi get benefitted. During this continuing program, a 3 months' certificate program on **"Basic Computer Course"** was started to be taught. Subsequently, from 2nd week of April, 2023 in one of the schools of Govt of NCT of Delhi **Basic Python Programming** course was also started and first batch of 16 students has completed the course and certificates are under print. So far, in three BCC courses, 577 students were registered and 502 students completed Basic Computer Course successfully and have been provided certificates.

The Centre conducted Exploring Engineering program from 20-25 June 2022 wherein 116 students participated from different Govt as well as Private schools of Delhi and other states. In the year 2023 in the Exploring Engineering program total 925 candidates registered and after short-listing 185 candidates completed the course and provided with certificates.

The Centre for Extension and Field Outreach was awarded project “Desh ke Mentor” by Govt of NCT of Delhi. This project continued till May, 2022 with DTU. In this project 2800 students are registered as mentors. These mentors are mentoring 11200 students of schools owned by Govt of NCT of Delhi.

Some of the major activities covered under the umbrella of the Outreach and Extension program are:

- One Day **Open House Visit** of Jagannath International School students.
- One Week workshop on “**Exploring Engineering**”.
- One Day **Open House Visit** of N.K. Bagrodia Public School students.
- One Day Awareness program on “**People’s Education Programme**” organized by KVIC – Khadi & Village Industries Commission, Govt of India.
- One Day program on **Basic Python Programming** for school students.
- One Day **Open House Visit** of Titiksha Public School students.
- One Day **Open House Visit** of Eshan College of Engineering
- Open House Visit program for NCC Cadets of J&K and Leh & Ladakh region.

## VIII. BEST PRACTICES AT DTU

DTU aims to achieve the highest standards of world-class education and excellence. The University has been following the best practices to foster research excellence and leadership qualities among students. Some of the best practices followed at DTU include:

- Research and innovation culture right from UG onwards.
- Financial support to students for presenting research papers in national and international conferences.
- Financial support to students for Internships in R&D organizations and reputed universities in India and abroad.
- Innovation Fund to support interdisciplinary student teams for innovative product development and participation in international design competitions.

- One seat in each discipline of the B.Tech programme is reserved for admission to a single girl child in DTU.
- Awards to faculty and students:
- For research and publications in high impact factor international journals.
- For excellence in teaching.
- Tuition fee waivers- DTU students received Fee Waivers in 2022-23 owing to the difficulties they faced in continuing studies without financial assistance. DTU continues to support the journey of these and many more students through various schemes. 586 students received tuition fee waivers with the total fund amounting to Rs. Rs. 6,95,59,750/-

## IX. TRAINING AND PLACEMENT

Owing to its brand value and the performance of the several students recruited every year, it is no surprise that DTU offers great placements. Some of the past recruiters are Google, Samsung, EPIC, Cisco, Microsoft, IOCL, BHEL, GAIL, NDPL, IAF, Indian Navy, Texas Instruments, Walmart Labs, Goldman Sachs, Samsung Research, Amazon, Adobe, Directi, C-Dot, Infibeam, Qualcomm, Futures First, HT Media, RBS, Maruti, Tata Motors, Deloitte, Mckinsey, Coca Cola, Idea, Bata, TCS, Oracle and many more. Some of the prominent statistics for placements in the last year are given below:

Placements (2022-2023)	
No of Companies	335
No of Offers	2116
Highest Domestic CTC	Rs. 82.05 LPA
No. of offers above 20 LPA	523
Average CTC	>Rs. 16 LPA

## X. DTU IIF (INNOVATION AND INCUBATION FOUNDATION)

The Innovation and Incubation Foundation at DTU stands as a dynamic hub for fostering innovation and entrepreneurship. With a strong commitment to nurturing and accelerating startups, this foundation provides a supportive ecosystem where budding entrepreneurs can transform their groundbreaking ideas into thriving businesses. Through mentorship, access to state-of-the-art facilities, and networking opportunities, DTU's Innovation and Incubation Foundation empowers students, faculty, and external partners to drive innovation and bring their concepts to life.

By bridging the gap between academia and the business world, the foundation contributes to economic growth, job creation, and the dissemination of cutting-edge technologies, positioning DTU as a leader in the development and commercialization of innovative solutions. It plays a vital role in shaping the future of innovation, entrepreneurship, and business development both within the university and in the broader entrepreneurial landscape. DTU IIF was started with the following mission:

1. To create a culture of entrepreneurship, Start-ups, and, and Intellectual Property Creation that can to value creation, jobs and employment and do social and economic good.
2. To facilitate creation of incubation centres that offer incubation infrastructure- space, computing resources, connectivity, common tools; and environment for co-working, collaboration and innovation.
3. Create entrepreneurship challenges based upon existing problems to foster Innovation.

A total of 50 companies have been incubated at DTU by the efforts of IIF centre. The list of companies are as follows:

## XI. Research and Development at DTU

Research and development at DTU stands as a cornerstone of the institution's mission. The university's commitment to pushing the boundaries of knowledge and technological innovation is evident across various technical and engineering disciplines. With a strong emphasis on interdisciplinary collaboration, DTU's research centers lead the charge in addressing complex real-world challenges, often in partnership with both

industry and global academic peers. With a robust focus on research funding, international collaboration, and an active role in publishing findings, DTU is at the forefront of cutting-edge research, nurturing the next generation of innovators, and driving progress in the realm of science and technology. To keep pace with new developments, we have ensured that we explore every possible means to adopt and adapt to better quality in journal selection, choice of journal database for publication, best subscriptions in the library and encouragement through award to best papers/articles published.

- DTU has 6 sponsored projects with UGC, DST, ICSSR, AICTE as major funding agencies.
- MOUs bolster DTU's international presence and facilitates student exchange across countries and organizations of high reputation.
- In 2022-23, the H-index of the University is 108 with 1884 Scopus-indexed publications.
- The DTU Research Excellence Award is a prestigious accolade that recognizes and celebrates the outstanding contributions of scholars and faculties in the field of research. In order to acknowledge significant published research work and promote individual excellence in this field, a total of 394 papers were selected for DTU Research Excellence Awards under different categories (Outstanding, Premier and Commendable) carrying a total award sum of Rs. 1,48,81,257.68/- (Rupees One Crore Forty-Eight Lakh Eighty-One Thousand Two Hundred Fifty-Seven & Sixty-Eight Paise Only). This initiative has been instrumental in fostering a culture of excellence, and encouraging the pursuit of groundbreaking discoveries that have the potential to shape our understanding of the world and bring about positive change in various domains. The contracted amount from consultancy during the current year was 10.32 Crore.

## **XII. DTU Times**

DTU Times is the official newsletter of Delhi Technological University and provides essential correspondence, news updates, achievements of faculty and students, interviews of prominent academicians, alumni, visitors, and thoughtful articles brought out by the students of the University under the guidance of eminent faculty coordinators. January 2009 saw the publication of the first edition of DCE Times, a seven-page issue developed by a team of six. Several years on, the fledgling newsletter has developed into a DTU's very own media body. Over the past decade, DTU Times has aimed to be in the vanguard of university journalism through experimentation and creativity.

## **XIII. Societies at DTU**

Student clubs and societies at DTU play a pivotal role in shaping the university experience for its students. These organizations encompass a wide spectrum of interests, ranging from academic and technical pursuits to cultural and recreational activities. Whether it's a robotics club pushing the boundaries of automation, an environmental society championing sustainability, or a cultural group celebrating diversity, DTU's clubs offer a dynamic platform for students to pursue their passions and develop valuable skills. Beyond their specific focuses, these clubs cultivate leadership, teamwork, and organizational abilities, empowering students to grow both academically and personally. They create a vibrant campus environment where students can network, collaborate, and make lifelong friendships, adding an essential dimension to their education. In addition to personal growth, student clubs and societies at DTU also make a significant impact on the broader community. They often engage in community outreach, knowledge sharing, and projects that benefit society at large.

### **1. Technical Societies**

The technical societies help the students to explore their hidden talent. This further helps them in their personality development and inculcating the spirit of organization management by providing them with a platform for hosting their talents. The following technical societies are working in the campus:

## ACKNOWLEDGEMENT

I am happy to state that the educational environment of DTU has given some of the best minds to the service of our country. It is with great pride that I can confidently affirm that each stride we take represents a collective commitment to uplift our people and our nation. Our relentless pursuit of excellence is not confined to national boundaries; it extends to the global and international arena. I am confident that we will persist in making a meaningful impact, touching and enriching lives through opportunities for collaboration, the exchange of knowledge, and the empowerment of society. Our mission extends beyond our immediate community to include all those whose aspirations and interests are intertwined with ours. Together, we will continue to create pathways for growth and progress, leaving a positive and lasting impression on the world.

With best wishes.

Prof. S. Indu  
Vice Chancellor, DTU
