Terms & Conditions

- The supplier/agency shall ensure that a qualified technical team remains available during the entire warranty period to provide immediate assistance in the event of any technical malfunction, performance issue, or operational difficulty. Any reported issue must be attended to within 24 hours of notification by DTU, failing which a penalty may be imposed or payment withheld at the discretion of the department.
- The bidder shall conduct a detailed site inspection prior to submission of the quotation to evaluate the venue and acoustic environment. The bidder must ensure that the proposed Public Address (PA) System is technically adequate and sufficiently powerful to provide uniform sound coverage and high-quality audio output across the entire designated area. The system shall include, but not be limited to, microphones, speakers, amplifiers, mixers, cables, stands, connectors, and any other accessories or components required for a complete, functional, and reliable setup. Any omission or inadequacy discovered during installation or operation shall be rectified by the supplier at no additional cost to DTU.
- Quoted rates shall be inclusive of all transportation, loading, unloading, and delivery charges up to the site at DTU. The mode of dispatch shall be by goods train or road transport, as appropriate, and the supplier shall ensure that materials are securely packed and delivered in good condition. No extra charges on account of freight, insurance, or handling will be entertained.
- The supplier/contractor shall inform the department at least two days in advance prior to making any supply or installation at site. The department reserves the absolute right to accept, reject, or cancel any part or the entire order without assigning any reason whatsoever, and without any liability for compensation or damages. The decision of DTU in this regard shall be final and binding.
