About Delhi Technological University

Delhi Technological University (DTU) boasts an impressive 85-year legacy of delivering top-notch education, fostering research, and encouraging entrepreneurship. Originating in 1941, it has evolved into a hub for engineering and technology education, renowned for its blend of theoretical knowledge and practical experience. With a vibrant campus housing more than 15,000 students, DTU takes pride in its distinguished alumni, high placement rates in esteemed companies, and a burgeoning research output.

M.TECH. PROGRAMMES

Applied Chemistry

- Polymer Technology (PTE)

Applied Physics

- Material Science & Technology (MST)

Biotechnology

- Bioinformatics (BIO)
- Industrial Biotechnology (IBT)

Civil Engineering

- Geotechnical Engineering (GTE)
- Hydraulics & Water Resources Engineering (HRE)
- Structural Engineering (STE)

Computer Science and Engineering

- Computer Science & Engineering (CSE)
- Artificial Intelligence (AI)
- Cyber Security (CYS)

Information Technology

- Information Technology (IT)

Electronics & Communication Engineering

- Microwave and Optical communication (MOC)
- Signal Processing & Digital Design (SPD)
- VLSI Design and Embedded System (VLS)

Electrical Engineering

- Control & Instrumentation (C&I)
- Power System (PSY)
- Power Electronics and Systems (PES)

Environment Science and Engineering

- Environmental Engineering (ENE)

Mechanical Engineering

- Production Engineering (PRD)
- Thermal Engineering (THE)
- Industrial Engineering and Management (IEM)
- Energy Systems and Management (ESM)
- Computer Aided Analysis and Design (CAAD)

Software Engineering

- Software Engineering (SWE)
- Data Science (DS)

Geospatial Science and Technology

- Geo-informatics (GINF)

Last Date of Online Registration
23.06.2026 (Tuesday)
